

# FDA REGULATIONS

8/11/16 Update: As of 8/8/2016, the FDA has Imposed New Regulations for the Vaping Industry

Vape Store Associates can no longer provide the following services:

Service	Permitted	Not Permitted
Sell to customers under the age of 27 without seeing proof of age* Note: *Age to sell is 18 or older.		✗
Provide free tasting or free samples to customers		✗
Rebuild, replace or prime coils, change glass, or fill tank with e-liquid		✗
Freely discuss the health benefits of vaping		✗
Charge batteries for customers	✓	
Repair or troubleshoot devices WITHOUT changing the functionality* Note: *Changes in functionality refer to services like re-wicking, adding a coil, or adding e-liquid, etc.	✓	

I am sorry for any inconvenience this may have caused. If you wish to do something about this please donate to [www.right2vape.org](http://www.right2vape.org), a political action committee. Write a letter to your North Carolina Congressman and your two (2) Senators. All North Carolina Vaping Council shops will have a template letter that you can sign and send off. For up to date information please like our Facebook pages: [fb.me/NCVapingCouncil](https://fb.me/NCVapingCouncil) and [fb.me/Right2VapePAC](https://fb.me/Right2VapePAC).

Right2Vape is a Political Action committee, registered in North Carolina. We are NOT Big Tobacco. We are vape shop owners that want to see this industry survive and have proper political representation.

Our main goal is to ensure that vapers' rights are protected. Right2Vape will safeguard the interests of vapers, and make sure these interests are reflected in the political candidates that we support.
